Expanding the Inner City

- Oslo’s major area for development
- 30-40,000 dwellings
- 50-100,000 work places
- Strategic plan adopted by the City Council in 2018
- Followed up large master plans and detailed zoning plans
Interesting challenges

- What order of action
- General traffic volume
- Financing
- Developing areas on the sides
- ....

Oslo

System analysis 2018, Norwegian Public Roads Administration in collaboration with City of Oslo

Public transport
Heavy traffic, high priority
Lower priority public-/heavy traffic
Freight terminal area
Speed limit
Lower speed, less traffic
Overcome barriers because of downtown functions/mixed use and living environment
