RiConnect Rethinking mobility infrastructure to reconnect cities
RiConnect: Rethinking mobility infrastructure to reconnect cities
Why do mobility infrastructure be rethought?
Because…
Result: a patchwork of mono-functional uses + congestion
An obsolete model
Hypothesis RiConnect

Why don’t we rethink/reuse/recycle these obsolete mobility infrastructures to get a more dynamic, sustainable, equitable and attractive metropolis where everyone can interact with everyone and move freely regardless of their age, social rank and where they live.

RiConnect Rethinking mobility infrastructure to reconnect cities
RiConnect Rethinking mobility infrastructure to reconnect cities

**How**

1. Reorganising how we move
2. Integrating the infrastructure
3. Planning the metropolis
4. Adding ecosystem functions
Where we are now

Transnational meetings
- Kick off meeting
- Final phase 1 meeting
- 1+4 Thematics
- 1 Midterm reflection
- 1 IAP implementation
- 1 Final event
4 webinars
Face to screen peer revies
